GEORGE BELADAKIS

GAME DEVELOPER | SOFTWARE ENGINEER

I'm a .NET developer with a passion for game development and growing my experience in web technologies. I enjoy building practical solutions and learn by doing. I work well in collaborative environments and bring adaptability, creativity, and problem-solving to every project.

EDUCATION

HELLENIC MEDITERRANEAN UNIVERSITY

Informatics Engineering | Class of 2014

- Software Engineering
- BSc Diploma Thesis: "Design and implementation of 3rd Person Action RPG game in Unity3D".
 - Supervisor: Prof. Ioannis Pachoulakis

EXPERIENCE

• SOFTWARE ENGINEER

AIMS INTL DWC-LLC | 2024 November - Present

Develop, maintain, and support airline operations software for airlines worldwide, providing reliable solutions for crew, operations, and planning.

• E-COMMERCE ASSISTANT

Genitsaridis Marine | 2023 August - 2024 October

Managed marine/electronics e-shop, updating listings, adding products, writing descriptions, organizing categories, and assisting warehouse with deliveries and shipments.

• INTERN IN COMPUTER SUPPORT LAB

Technological Educational Institute of Crete | 2020 February - 2020 July (6 months).

Provided technical support, installed and configured software and hardware, and collaborated effectively with fellow interns.
